EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 9, delete "Here" below "wherein" of Chemical Formula 11 to correct a typographical error.

In Claim 9, the last line of the claim, the notations " X^{10} , X^{11} and X^9 " have been changed to -- X^{14} , X^{15} and X^{13} -- to match the notations of Chemical Formula 11.

In Claim 29, line 5, insert -- ϵ_0 is the dielectric constant, -- after "threshold voltage," to define ϵ_0 in equation.

2. The following is an examiner's statement of reasons for allowance:

The present composition differs from the prior art in that the prior art fails to disclose the present compounds of formulae 5, 6 and 7 in claims 3, 5 and 7, respectively. Also, the prior art fails to teach the present composition comprising the compounds of formula 7 and formula 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
